This issue of the SUMMARIES OF RESEARCH consists of citations to reports of the Naval Medical Research Institute published during the calendar year. Although most of these publications are available in the open literature, copies may also be obtained from the following sources:

- * from the Defense Technical Information Center, Alexandria, Virginia 22314, by the AD number included with the citation (DTIC publications are available to government agencies and their contractors, sub-contractors, or grantees)
- * from the National Technical Information Service, Springfield, Virginia 22161, also by AD number (NTIS publications are available to the general public for a fee)
